Collection and Shipping of Semen

The breeding season begins March 1 each year, for fresh/cooled doses. Collection fees, current shipping arrangements, and available shipping methods vary by stallion and destination. Please inquire with AYAR Equestrian directly for current pricing, collection locations, and shipping timelines applicable to your order.

Domestic shipments are typically arranged via a major overnight carrier, with disposable shipping containers included in the shipping quote provided to Mare Owner prior to shipment. AYAR Equestrian cannot guarantee carrier or flight availability and is not responsible for the shipment once Semen leaves AYAR Equestrian's or its collecting veterinary clinic's custody. Semen is available on a first-come, first-served basis and is typically available Monday through Friday. All shipment and collection requests must be placed by 3:00 P.M. ET one business day prior to the requested shipping date. Mare Owner may cancel a shipment request without penalty if canceled by 8:00 A.M. ET on the day of shipment.

Dry Shipper: If Mare Owner requires special shipping accommodations, applicable rental and deposit fees may apply; please inquire for current rates and options.

Within fourteen (14) days of the Purchase Date, Mare Owner must arrange for the shipment of the Semen to alternate storage facilities or coordinate with AYAR Equestrian for further storage accommodations at Mare Owner's expense. Failure to do so may result in additional storage fees charged to the Mare Owner, and no Semen will be released to the Mare Owner until storage fees are paid in full.

The transfer of Semen and shipping expenses are payable prior to the Semen shipment. AYAR Equestrian requires the Mare Owner to provide valid payment information to secure the Semen, associated shipping, and container costs, and for any storage fees prior to the shipment of the Semen, and will accept payment via the methods AYAR Equestrian makes available at the time of Contract execution. Please inquire for accepted payment methods.

Per Dose Fresh/Cooled Semen Terms

Upon payment of the Fee, the Mare Owner is entitled to one dose of fresh/cooled semen from the Stallion during AYAR Equestrian's 2026 or 2027 breeding season, as applicable. Cooled Semen may not be frozen for future use, and Semen provided under this Contract may not be used to breed any mare other than the Mare identified in this Contract. The Mare Owner assumes the risk of missed breeding opportunities due to problems with the timing of the Mare's ovulation, the Mare's fertility, or shipping or handling of the Semen after it leaves AYAR Equestrian's custody.

Condition and Ownership

Mare Owner represents and warrants that the Mare is in sound breeding condition and free from disease and infection. Mare Owner certifies that the address of record for shipment is a facility suitable for, and with a veterinarian competent in, equine artificial insemination. If multiple shipments are requested, AYAR Equestrian reserves the right to request a negative uterine culture, cytology, or biopsy prior to sending further shipments.

Registration

For foals to be eligible for registration with each Stallion's respective registry, AYAR Equestrian must provide to the breed registry a Stallion Service Report at the end of each breeding season detailing the identification and insemination records of all mares bred. An insemination certificate is included with the semen shipment and should be completed and signed by your veterinarian and returned to AYAR Equestrian by October 31 of the applicable foaling year.

Breeding Report for Fresh/Cooled Per Dose

The Mare Owner may only breed the Mare Owner's Mare, identified above. This Contract is to produce one (1) foal from the above-mentioned mare regardless of the breeding methods used. ET and ICSI are permitted. In the event Semen shipments are used for a mare other than the Mare named in this Contract, the standard posted breeding fee and a completed contract shall be due and submitted to AYAR Equestrian immediately.

Multiple Foals

The payments provided in the Stallion description are for one foal for this breeding season for this Mare. Should more than one foal result from a breeding, Mare Owner shall pay an additional Per Dose Fee within sixty (60) days of confirmed foal, for each additional resulting foal. No breeding certificate for any foal shall be issued without such additional payment.

Stallion's Death

In the event of a Stallion's death or the inability to produce and ship viable semen from the Stallion contracted for this service, AYAR Equestrian shall substitute this Contract for either frozen Semen from the same Stallion, if available, or the Mare Owner may choose fresh Semen from another Stallion managed by AYAR Equestrian.

No Conception

In case the Mare does not conceive, a mare may be substituted with permission of AYAR Equestrian and a statement from a licensed veterinarian confirming that the Mare in this Contract is barren. A transfer fee is due to substitute a mare. This Contract is only transferable upon approval with written permission of AYAR Equestrian.

Breeder's Certificate

Upon notification of birth of a live foal, and the performance of all other obligations of Mare Owner under this Contract, AYAR Equestrian shall release certificates according to the breed registry. Mare Owner shall contact AYAR Equestrian no later than August 1 of the foaling year for any live foal. Any late fees or costs for failure to notify AYAR Equestrian of a live foal or additional breed registrations will be the responsibility of the Mare Owner.

Warranties

NO WARRANTIES, EXPRESS OR IMPLIED, SHALL ACCOMPANY THE BREEDING RIGHT CREATED BY THIS CONTRACT NOR THE SEMEN DELIVERED UNDER THE CONTRACT.

Contract

This Contract: (a) may neither be assigned nor transferred in any manner by Mare Owner, absent the express written permission of AYAR Equestrian; (b) supersedes all other agreements or understandings between the parties; and (c) shall be binding upon the heirs, personal representatives, successors, and permitted assigns of the parties.

Binding Effect

This Contract shall become binding upon the Purchase Date. The last date for AYAR Equestrian to provide semen for breeding under this Contract is August 31, 2027, for cooled semen.

Waiver of Trial by Jury

IN ANY ACTION, SUIT, OR PROCEEDING IN ANY JURISDICTION BROUGHT BY ANY PARTY AGAINST ANY OTHER PARTY, THE PARTIES EACH KNOWINGLY AND INTENTIONALLY, TO THE GREATEST EXTENT PERMITTED BY APPLICABLE LAW, HEREBY ABSOLUTELY, UNCONDITIONALLY, IRREVOCABLY AND EXPRESSLY WAIVE FOREVER TRIAL BY JURY. THE PARTIES ALSO WAIVE THE RIGHT TO ANY CLASS ACTION CLAIMS OR TO PROCEED IN A COLLECTIVE ACTION.

Assumption of Risk, Waiver of Claims, Indemnification

AYAR Equestrian warrants that the Semen has been processed and tested and is of marketable quality at the time of sale. Mare Owner specifically waives any other warranties, either express or implied by law. Mare Owner further agrees to waive any claims against, and will indemnify, release, and hold harmless AYAR Equestrian, its collecting veterinary clinics, directors, agents, employees, and assigns, from any and all claims, demands, damages, actions, suits, attorney's fees, and costs, obligations, or liabilities of any kind that are in any way related to the insemination of the Mare.

General Terms

AYAR Equestrian's waiver of any breach or failure to insist on complete performance of any term under this Contract is not to be construed as a general waiver as to the other terms or as an ongoing waiver of the same term of this Contract, and will not impair AYAR Equestrian's future right to enforce its rights hereunder. This Contract may not be changed, modified, or amended, in whole or in part, except in writing, signed by both parties.

Entire Contract

This Contract constitutes the entire agreement between the parties with regard to the subject matter addressed herein, and there are no other understandings, representations, warranties, or agreements, oral or written.
